PREFACE.

Our First Annual City Directory of Indianapolis is herewith presented to our numerous patrons, with a consciousness that no effort has been spared to insure the fullest completeness of the information herein contained. We are confident that there has never been a more thorough and systematic canvass of the city made. Mistakes will occur, and to whoever may find an error, the Publishers can only answer, "to err is human." Every effort has been made to obtain every name that should be represented in a City Directory.

The "Classified Business Directory" represents the business and manufacturing interests of the city more correctly than has ever been before represented by such a medium. The "Miscellaneous Directory" furnishes much information, useful to the citizen as well as to the stranger visiting the city.

Our thanks are due our numerous patrons for their liberal support.

Respectfully,

SWARTZ & TEDROWE,

Publishers.

HISTORY OF INDIANAPOLIS.

Indianapolis is situated on the east bank of White river, in latitude 39° 55′. On the 6th of January, 1821, the Legislature confirmed this as the choice of the Commissioners in selecting a location for the Capitol of the State. Thus sprang into being one of the greatest inland towns in the United States, being only about fifty years old. Commenced in the woods, where it seemed impossible to make even a road, but with untiring efforts and higher motives than personal advantage, these early pioneers worked by day, fought the Indians by night to protect their homes, until their little village was out of danger. Yet the town was hidden and out of reach. We who see it the greatest railroad center on the earth, accessible from more directions and to greater numbers than any other city that ever existed, find it hard to understand the motives that could have impelled the settlers of this period to try to get to it. Success crowned their efforts, and the little village, commenced on the dismal, ever-hated Pogue's Run, where the first murder was committed by the Indians upon the scattered pioneers, has grown steadily, year by year, until to-day it numbers nearly sixty thousand souls.

Her accessible mineral wealth and situation is equaled by no other city in the United States. The manufacturing interests are increasing constantly, and the time is not far distant when Indianapolis will be a center for the production of mechanical and scientific arts.

In 1847 the population numbered six thousand, and in 1872, sixty thousand, showing annually an increase of over two thousand. At this rate, the city of Indianapolis will soon outrank all her rival cities, and become the largest inland city in the world; and by reference to our "Classified Business Directory," the reader will see that every branch of business is represented, and that very extensively too.

EDUCATIONAL.

The schools of Indianapolis have, from the early days of the city, been in good standing and repute. During the first years of the city's existence, private schools were taught in one or two localities, and not until 1845 were there any demonstrations looking toward the introduction of seminaries or public schools. Attempts were made for many years to introduce the free school system before the good citizens could maintain and carry out their principles. Finally they succeeded, and the School Board reported for the year ending June, 1871, 6,449 pupils, $60,480 annual cost for tuition, and 103 teachers to conduct the schools now established in the beautiful and flourishing city of Indianapolis.

This Company will do a Fire business only, and will write Policies on Insurable property at rates as low as any other first class Company.

The advantages of insuring in this Company are—

1. It is an Indiana Company.
2. The Officers, Directors and Stockholders are our neighbors and fellow-citizens, personally known to many of us.
3. Their solvency and character can be easily ascertained, and do not depend upon arrays of figures, upon handbills and placards, of which you know nothing and which you can not investigate.

For Diseases of the Throat and Lungs.

ONLY 50 CENTS A BOTTLE.

I have neither the space nor the inclination to give but a few of the many testimonials to the virtues of "4 Drops" in my possession. I feel proud, and my good friends will permit this feeling I know, of the many warm friends "4 Drops" has made already. To test it is to become its friend:

Indianapolis Sentinel, says:

"The wonderful remedial powers of the '4 Drops' in the cure of colds, coughs, sore throats, croup, etc., has already astonished its thousands. This medicine is as simple as it is harmless and effective. For six years Dr. Pickerill has tested its virtues in our own city. It is not, therefore, a new speculation, but a well ascertained and an effective remedy for human suffering. What it does is done speedily, innocently and safely, without leaving any bad results or failing to accomplish its purpose. '4 Drops' is rapidly becoming as familiar as household words."

Ben. D. House, Poet and Author, says:

"WHAT IS '4 DROPS?' We once asked the question which we are now enabled to answer from actual experiment. That what is claimed by its compounder is a just claim we can endorse, having received a personal test of its merit. This preparation by Dr. Pickerill, a successful practitioner in Indianapolis, is designed for the cure of cough, colds, sore throat, hoarseness, bronchitis, croup, and first symptoms of consumption. The reputation of Dr. Pickerill as a scientific physician is a sufficient warrant of its compounding, being according to the strict rules of Pharmacy. We used it for sore throat, the effects of a gun shot wound, which fractured several rings of the trachea, and found speedy relief."—*Journal of Commerce.*

"We have tried '4 Drops,' and can testify to the fact that one dose afforded almost instant relief to a cough. It took time and several doses to drive away the cold, but the remedy proved successful in the end. We do not hesitate to recommend it for a cough with perfect confidence in a cure."—*Indianapolis People.*

From Benham's Musical Review.

"We cheerfully give place in our colums to the following note from Rev. W. F. Black, pastor of Christian Chapel, and President of the Northwestern Christian University, AND CAN FULLY ENDORSE IT OURSELVES:

"INDIANAPOLIS, April 26, 1871.

"Having personal knowledge of the compound, for the diseases of the throat and lungs, known as '4 Drops,' compounded by Dr. G. W. Pickerill, Indianapolis, I can, therefore, knowingly and do cheerfully recommend it to all those who may be suffering from either a cough, sore throat or a lung difficulty, as perfectly safe and certain in its action.

"W. F. BLACK."

"We heartily endorse the above certificates, and give them a place in our columns, and also advise our readers to call and procure a supply of '4 Drops' for we have tried it for cough lingering from whooping cough, and found it effectual."—*Independent.*

B. M. Bonham, Dramatic Reader, says:

"DR. PICKERILL:—Having thoroughly tested your cough remedy, known as '4 Drops,' I unhesitatingly pronounce it the most effective of all the various lotions, lozenges, syrups, etc., I have ever used. I can, therefore, with the fullest confidence, recommend it to public speakers and singers, and the rest of mankind."

"To whom it may concern:—I have used '4 Drops' in my family with the happiest result, having effected a cure in my daughter of consumption, so pronounced by friends and some of the oldest physicians in Indianapolis, and given up by them to die. I can verify what I say; call at 194 East Washington St., Indianapolis.

"G. B. JONES."

The last certificate is flattering, but Mr. Jones is responsible for what he says.

"4 DROPS."

For Diseases of the Throat and Lungs.

"4 DROPS"—A sure and permanent cure for Colds, Coughs, Sore Throat, Hoarseness, Bronchitis, Croup, Whooping-Cough, first symptoms of Consumption, etc., and gives energy and strength to the air passages generally—*gives clearness and power to the vocal organs*—a valuable boon to public singers and speakers.

This preparation is the favorite formula, and the result of several years' patient labor of DR. PICKERILL, who has used it for several years in a successful practice in Indianapolis, and has been thoroughly tested by him in clinical practice. It is not, therefore, a "quack" medicine, but compounded strictly according to the rules of Pharmacy—the agents in the compound are all harmless as a medicine can be, and so recognized by the medical profession, and are of great value in the treatment of disease. The preparation ("4 Drops") contains one of the best *alteratives* known to the medical profession—in the highest degree of *concentration*—the continued use, therefore, not only removes the irritation of the mucous membrane lining the Throat and Bronchia; the irritability of the great *pneumo-gastric nerve*, which is distributed to the Throat, Lungs, Heart, Stomach, etc., controlling their action; but, it also, by its *alterative powers*, removes any *taint of disease of the blood that may be present*, thus removing the proximate cause of many Throat and Lung difficulties.

We can, therefore, with the fullest confidence, recommend "4 Drops" as perfectly safe, SPEEDY and CERTAIN (as any medicine can be in removing disease) in all the difficulties above mentioned.

It is a medical fact worth remembering, that the true philosophy of taking a Throat or Lung medicine is to permit it to remain in the mouth as long as possible; and hence, in the Throat, through contact or sympathy, the effect of the medicin eextends down into the air passages, thus reaching and relieving them much quicker and more permanently than by a round-about way through the blood. This is *one* of the secrets and beauties of "4 Drops."

Directions for the Use of "4 Drops."

The medium dose for a grown person is *four drops;* for a child, *one drop*, on a lump of hard sugar or candy, four or five times a day, or oftener if the Cough is very troublesome. Eat or drink nothing for half an hour after taking the medicine.

In cases of *Croup*, by rubbing a little of the medicine on the Throat and between the shoulders, as well as giving it by mouth, will assist and hasten the cure; this also assists the internal administration of the medicine in the cure of Chronic Cough, Sore Throat, Bronchitis, and Consumptive Coughs.

Singers and public speakers, in order to remove any difficulties from the Throat, should take a dose half an hour before using the voice; this gives it time to remove any irritation or hoarseness, leaving the Throat in a much better condition than it could have been by taking the medicine on the eve of singing or speaking.

I would respectfully suggest the trial of "4 Drops" in Catarrh—"Cold in the Head"—by dropping 15 or 20 drops in a wineglass of boiling water in a tin cup, so it can be heated at will; place the nose in the cup, inhale the steam, blowing it out through the mouth outside of the cup—repeat this frequently during the day, ten minutes at a time.

I have suggested its use in many cases of *nervous dyspepsia*—the report is very flattering. Take 2 or 3 drops 10 minutes before and after eating.

DR. PICKERILL will take it as a favor to see or communicate with any one, after a reasonable trial of "4 Drops" for any throat or lung difficulty, who has, from some complication—not provided for in "4 Drops"—failed to secure a satisfactory result. By so doing he may be enabled to advise more specifically as to its use, or prescribe auxilliary treatment, so as to complete the cure.

INDIANAPOLIS
BRYANT AND STRATTON
PRACTICAL
BUSINESS COLLEGE,
AND
TELEGRAPH INSTITUTE.

Incorporated under Act of the Legislature of Indiana, 1871, and consolidated with the INDIANAPOLIS PRACTICAL BUSINESS, MILITARY AND LECTURE COLLEGE.

Located on Meridian Street, One Square South of Washington occupying, the Third Story of Elliott's Block.

BOARD OF DIRECTORS.

DR. R. T. BROWN,
ALEXANDER L. SOUTHARD,
REV. A. C. ALLEN,
HON. WILLIAM C. TARKINGTON,
AUSTIN H. BROWN, ESQ.,
ÆGIDIUS NALTNER,
CALVIN A. ELLIOTT, ESQ.,
WILLIAM M. BLAKE, ESQ.,
HON. DANIEL MACAULEY.

OFFICERS OF THE BOARD.

DR. R. T. BROWN, President, CALVIN A. ELLIOTT, Esq., Vice President.
ALEXANDER L. SOUTHARD,
Secretary and General Superintendent of College.
AUSTIN H. BROWN, Esq., Treasurer.

TELEGRAPH INSTITUTE.

The Telegraph Institute connected with this College is the only one in the State. The Instruments, Batteries, etc. are all new. The Instructor, Mr. D. C. HINSDALE, has had a practical experience of over ten years in the principal offices throughout the country and was for some time Chief Operator of the Indianapolis Office of the W. U. Telegraph Co.

SPECIAL ADVANTAGES.

The advantages, local and otherwise, of the College, are greater, the price of a full scholarship and the cost of completing a full course less, than of any other first class Business College. If the student should change his location to any of the Bryant & Stratton Colleges, his scholarship would be good for admission. Students can complete their business education here for one-half the expense of attendance at other Colleges.

For further information, call at the College or address the Superintendent,
